Description

This 2020 Kia Niro 4 is a clear vehicle history example, offering a substantial electric driving experience with a battery maximum range of 282 miles when new. This electric hatchback, featuring a 68 kWh battery, is equipped with modern conveniences such as LED headlights, front parking sensors for easier manoeuvring, and Bluetooth with music streaming. Stay connected and powered up with the integrated wireless phone charger, while the adaptive smart cruise control with stop and go functionality enhances your driving comfort on longer journeys. The Kia Niro 4 stands out with its impressive electric capabilities. A full charge at home using a 7kW charger takes approximately 9 hours and 35 minutes, providing a convenient overnight top up. For quicker charging needs, you can reach 80% capacity in just 54 minutes at a compatible public charging station. These charging times and the 282 mile range highlight how this Niro offers a practical and efficient electric motoring solution compared to many other vehicles in its class.

Specification
