2.0 L

Description

This 2021 Ford Tourneo Custom offers the peace of mind that comes with having had only one owner from new. This 320 Titanium derivative is powered by a 2.0 litre diesel engine that meets Euro 6 emission standards, ensuring it is suitable for modern driving requirements. The vehicle is well equipped for comfort and convenience, featuring manual air conditioning for both the front and rear compartments. Manoeuvring is made simpler with the inclusion of front and rear parking sensors, while safety is enhanced by door mirrors that include a blind spot eliminator, integrated side indicators, and blind spot assistance technology. The Titanium trim level provides a high standard of specification that distinguishes this model from more basic alternatives. By combining advanced driver assistance systems like the blind spot monitoring with practical climate control for all passengers, this vehicle is designed to make longer journeys more comfortable and less stressful. The automatic transmission further refines the driving experience, making this Tourneo Custom a practical and well considered choice for those needing a reliable and capable vehicle.
