This plug-in hybrid model features a 1.4 litre petrol engine that meets Euro 6 emission standards, balancing performance with efficiency. The V2 trim is well equipped with modern technology, including Kessy keyless entry and start for convenience. Parking is made simpler by the inclusion of Park Assist, which provides both front and rear sensors to help you manoeuvre with confidence. The exterior is fitted with LED headlights, while the interior benefits from three zone climate control, complete with a dedicated control panel for passengers in the rear. Driving this vehicle is enhanced by the predictive adaptive cruise control system, which includes a speed limiter to help maintain a steady pace on longer journeys. These features combine to create a driving

experience that prioritises both comfort and ease of use, distinguishing this model from others in its class. By integrating advanced driver assistance systems with a flexible hybrid powertrain, this CUPRA provides a practical solution for those seeking a modern vehicle that is well suited,
